KADIMO'S

OVERVIEW.

Fresh from an interior redesign by the legendary Parisian studio Pinto Design, which included new carpets and updated furniture inside and out, KADIMO'S is ready and waiting to give you an unforgettable holiday on the water.

This is a yacht with a crew that knows how to create a warm welcome; an elevator serving lower to sun decks means the boat can accommodate all generations, and zero speed stabilisers ensure a comfortable experience throughout.

Wake up in the full-beam master suite, pick up your friends from the adjacent VIP suite and head to the bridge deck for a fabulous breakfast, freshly-prepared by the talented chef and suited to your requirements. After discussing the day's exciting plans with the Captain, the time has come to get in the water: head down to the lower deck where the extensive collection of toys has been set up by the crew and is ready to go. High-speed thrills or laid-back exploration? The choice is yours.

After another sumptuous lunch on the bridge deck aft, the Captain raises anchor and points the bow towards the next stop. Will you soak up the sun in the sun deck Jacuzzi then stretch out on the sun loungers with a good book, watch a movie in the air-conditioned comfort of the salon or catch up on correspondence in your private office?

As both the anchor and the sun set, gather in the sky lounge for a drink at the bar before heading to the sun deck or the foredeck lounge to welcome in the evening with music playing. Dinner can be a formal occasion, served outside or in the dining room, but if you're looking for a more relaxed evening, you may prefer a simple BBQ on a deserted beach or taking the tender into town to dine ashore?

Whatever you choose to do on KADIMO'S, you can be sure that your time on board will always end too soon - and that you'll be back for sure!
