OVERVIEW.

NORFOLK STAR is a 37m (121.4ft) pedigree sailing yacht, designed and built by renowned Italian shipyard Perini Navi. This yacht is in superb condition having recently undergone a multi-million euro refit in 2020, as well as her five-year Lloyd's survey. This included a new main engine, two new generators, PLC system, Inmarsat VSAT dome, 505 Williams tender, Doyle sails and Reckmann rigging. The interior and exterior furnishings have been recovered, all surfaces and marble has been professionally cleaned and coated. The teak decks have also been professionally sanded. No expense has been spared to bring this yacht to market in pristine order for a new owner.

On deck, the main cockpit is split into two areas, one with easy seating around a circular coffee table, whilst the other provides a dining area. Both can comfortably sit up to eight people. For relaxation, a large cushioned sunbathing area is in position immediately behind the shaded cockpit. This is a favourite spot to watch the world as you sail by.

Down below, NORFOLK STAR's bright upper salon has a large L-shaped sofa around a coffee table and a forward facing desk, with panoramic views. Her interior is finished in cherry wood, and the large hull portholes give the interior a particularly light and airy feel. From the upper salon a large stairway forward shows the way to the main salon. There are two sofas and a more formal dining area in the main salon which features an extendable walnut table.

This yacht offers a family-friendly layout with accommodation for six guests. On the lower deck, the full-width private master stateroom is found aft. Here you find a generous, glamorous space with walk-in wardrobe, en suite bathroom with a full bath, plus a separate study area. Next door are two twin cabins that sleep another four guests. There is no compromise in comfort, as each cabin comes with an en suite shower room. There is also the option of an additional pullman berth for an extra guest.

Once aboard, NORFOLK STAR looks after her guests with Samsung LED TVs, and Creston Control AV System. At anchor, the swimming platform drops into place on the starboard side, and all the water toys come out - there's something for everyone to have fun, from paddle boards and flight boards. We are delighted to present for sale this classic sailing yacht with all the modern conveniences.
