

OUR WAY

OUR WAY

OVERVIEW.

Looking for a new, family-friendly charter yacht loaded with all the extras? Then you need to do things OUR WAY. Delivered in 2023, this yacht is in amazing, as-new condition with chic, contemporary styling throughout by legendary studio Zuccon International Project.

You could spend all day on the sun deck, dipping in and out of the jacuzzi forward, stretched out on the sofa snoozing through a book, picking up a drink at the sit-up wet bar or soaking up the sun on the sunloungers aft. There's a BBQ too so the space is perfect for snacking and casual dining throughout the day.

The main deck aft is the perfect place to watch the family churning up the ocean. OUR WAY comes with a selection of toys that includes a three-person Sea-Doo waverunner, SeaBobs, paddleboards, a three-person tow and plenty of snorkelling gear for exploring the marine life. There's a Williams tender too, to get you ashore and help you explore.

If it gets too hot during the day, slip inside to the climate-controlled cool of the sky lounge or main saloon. Got time for a movie or sports? Both have large TVs and the latest AV systems, complete with Apple TV, HBO, Netflix, Disney+, Hulu and super-fast Wi-Fi including Starlink for streaming.

When it's time to dine, you'll love the open-air option on the upper deck aft, surrounded by the scent of the ocean. If there's a big birthday or another special occasion to celebrate, it's got to be the formal dining room on the main deck. To make the occasion even grander, slide back the glass wall and step out onto the starboard side balcony with your digestif and bask in the natural beauty.

After dinner you can adjourn to the main deck aft lounge and continue the family fun. If you're moored in port, a more private option is the foredeck lounge, which also has a huge sunpad so it's a great place to feel the wind in your hair and take in the views en route to your next anchorage.

What really makes OUR WAY perfect for families is the flexibility of her 10-guest accommodation. As well as the full-beam master suite, complete with his-and-hers en suites sharing a shower, a vanity table and plenty of wardrobe space, there are four cabins on the lower deck. One is a double cabin, one a twin and there are two convertible cabins to give you maximum options for all sorts of groups.

Bring together the people you love most to enjoy the Mediterranean this summer or the Caribbean and Bahamas over winter. And do it OUR WAY.
